A close-up photograph of a galvanized iron fence. The fence consists of vertical and horizontal bars forming a grid. The bars are made of galvanized iron, showing a characteristic greyish-blue color. The grid size is 50x200 mm, and the bars are 8/6/8 mm in size. The fence is set against a light-colored wall.

莫克1034-2：热镀锌铁栅栏，网格50*200 mm，
铁条为8/6/8 mm
